

# LIBTAYO Surround Patient Navigators

Patient Navigators are available to complement the support provided by patients' healthcare providers. They can:

**Help identify** financial assistance that may be available to eligible patients to facilitate access to LIBTAYO

**Provide information about:**

- Local support groups within the community
- Independent, third-party transportation services
- Local places to stay during treatment, if needed

**Offer additional support** for caregivers while they care for their loved ones

**Answer questions** about available resources and support\*

**Remind patients** about upcoming appointments

**Send patients:**

- **A Patient Starter Kit** with helpful materials for starting treatment with LIBTAYO
- **Emails and direct mail** to help support both patients and caregivers and educate them with information about their condition and treatment

Once a LIBTAYO Surround Enrollment Form is received, **Patient Navigators conduct a Welcome Call** with patients and **are available** to offer more information or additional assistance. LIBTAYO Surround will provide a fax communication that lists topics discussed with your enrolled patient after a Welcome Call has occurred.

**For more information,**
